MORE LIVING. LESS FIXING.

When a major home system or appliance breaks, the last thing you need is the stress of finding a reputable service pro—or an unexpected repair bill that wrecks your budget. That's where Elevate comes in.

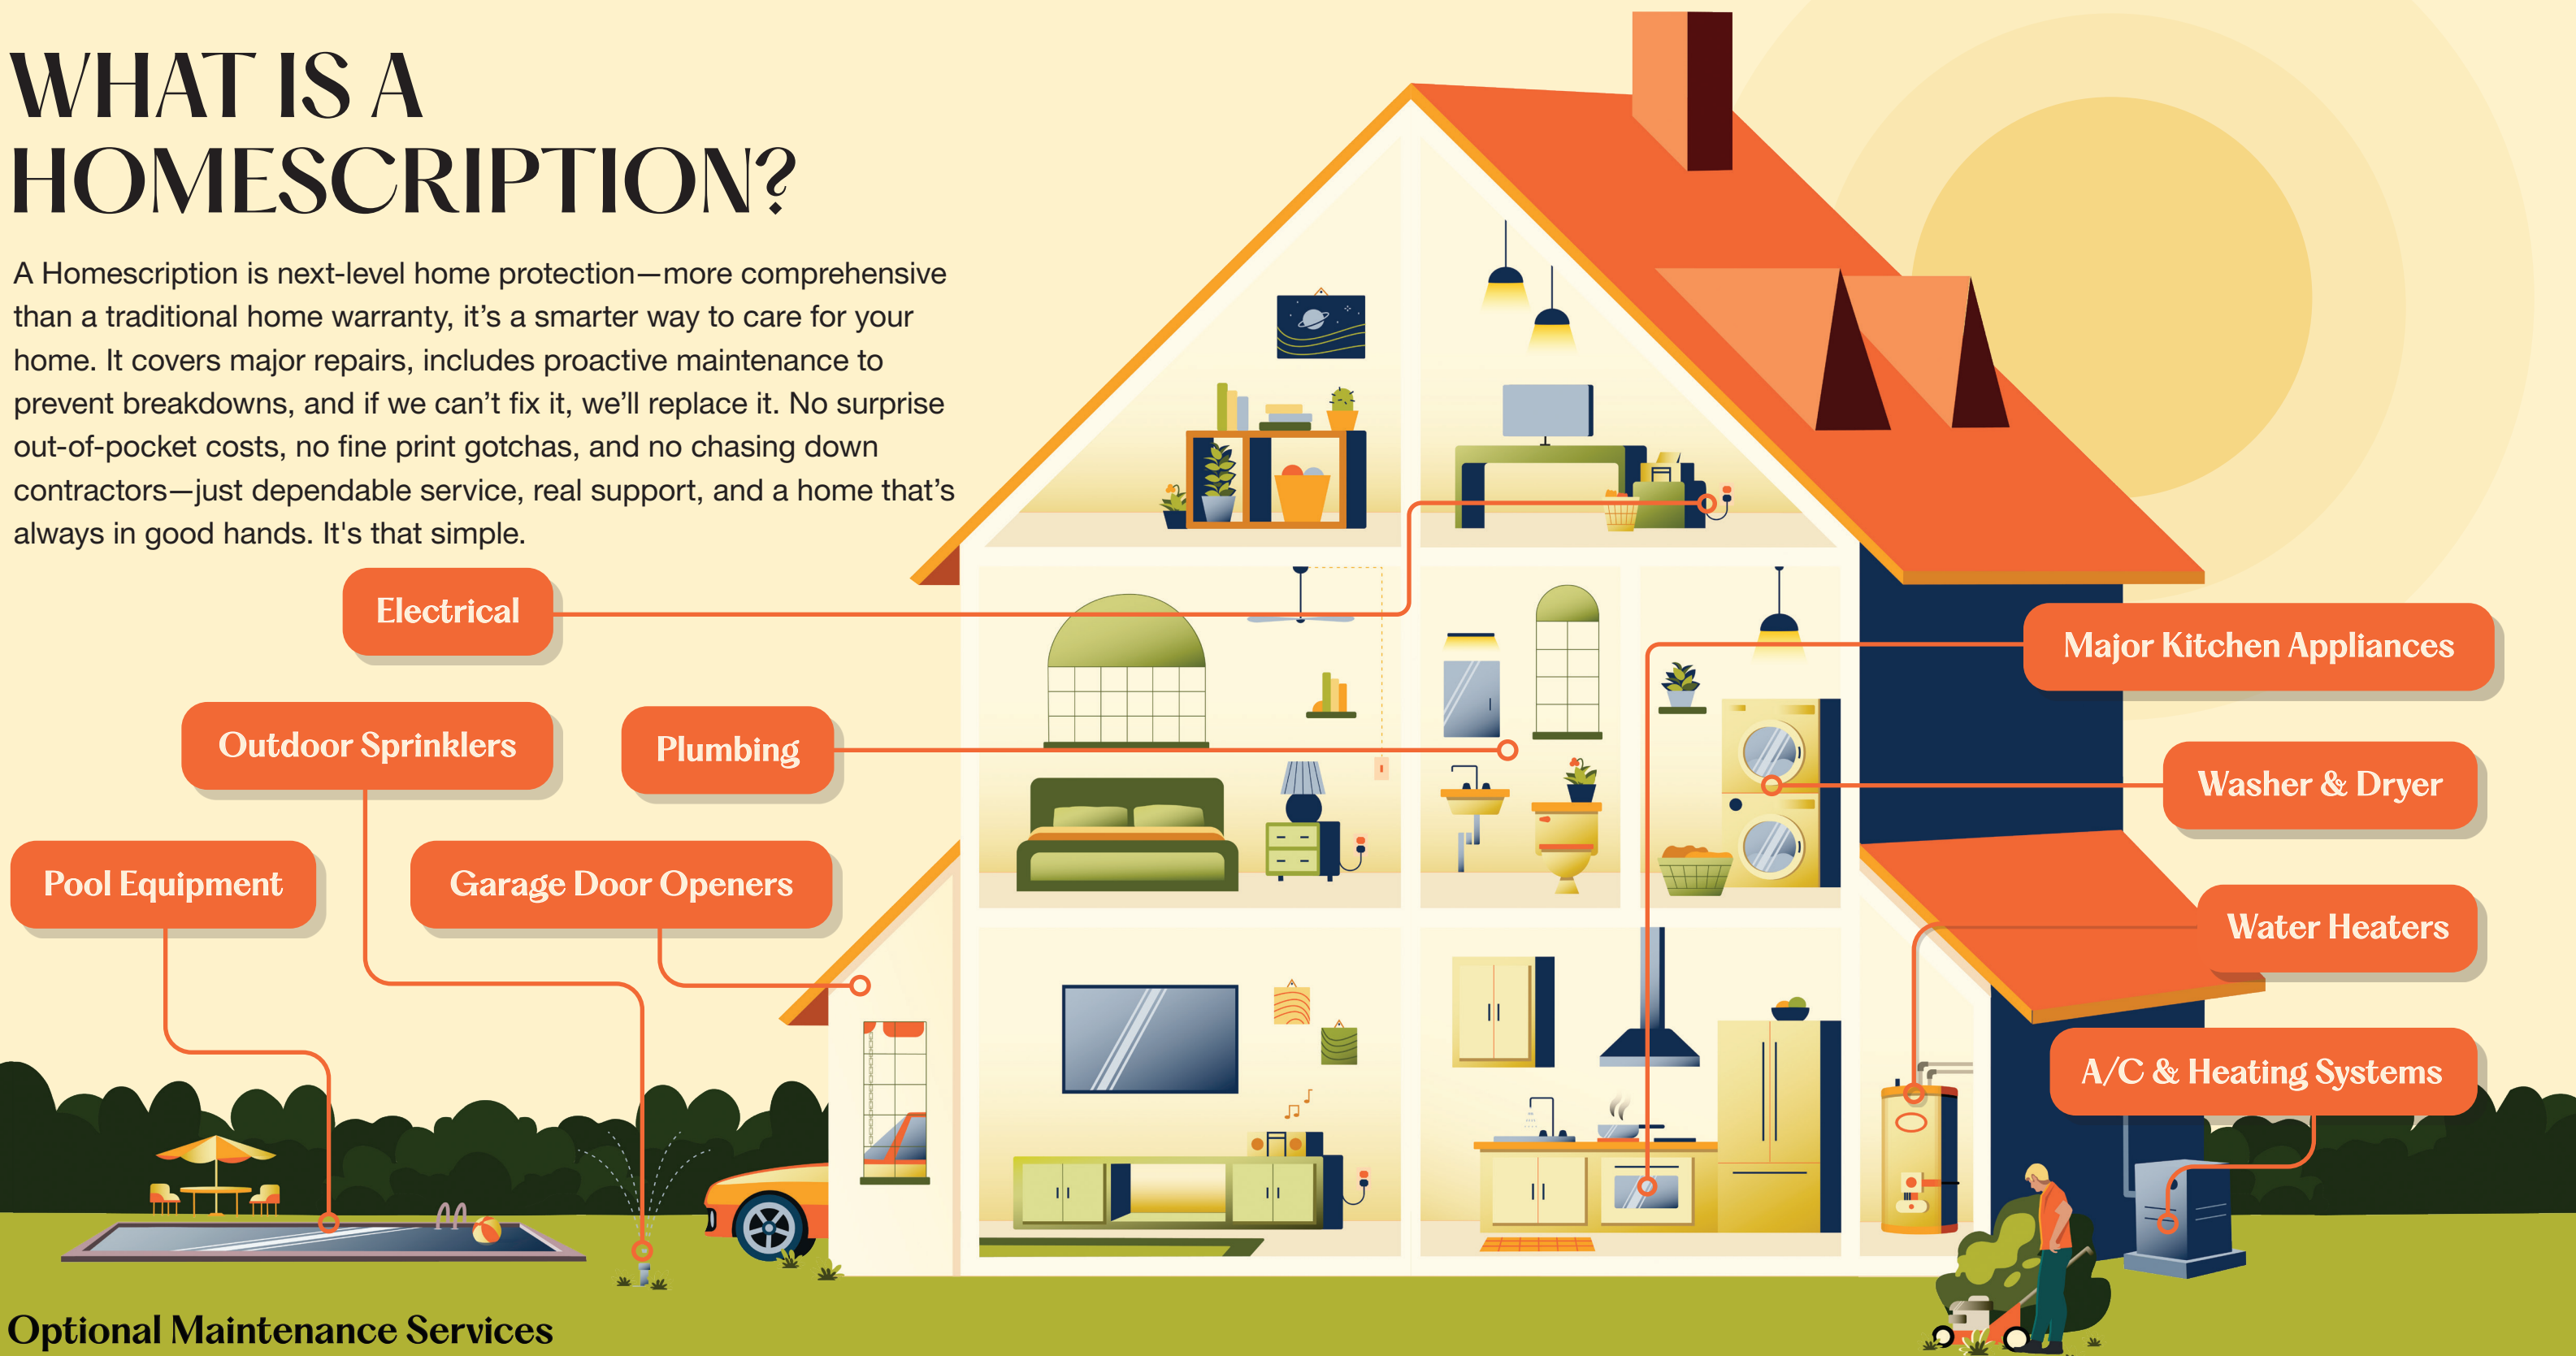

Our Homescrption plans protect your wallet and take the hassle out of home repairs and maintenance so you can focus on making memories.

You make the memories—we'll handle the rest.

That's homeownership, Elevated.

WHAT IS A HOMESCRPTION?

A Homescription is next-level home protection—more comprehensive than a traditional home warranty, it’s a smarter way to care for your home. It covers major repairs, includes proactive maintenance to prevent breakdowns, and if we can’t fix it, we’ll replace it. No surprise out-of-pocket costs, no fine print gotchas, and no chasing down contractors—just dependable service, real support, and a home that’s always in good hands. It's that simple.

Optional Maintenance Services

Pest Control

Lawn Maintenance

Pool Maintenance

House Cleaning

Dryer Vent Cleaning

Carpet Cleaning

Window Cleaning

Re-key

HVAC Tune-ups

TV Wall Mount

And So Much More!

DARE TO COMPARE

Homescription VS Old-School Home Warranties

Homescription	VS.	Old-School Home Warranty
Simple, easy to understand Approves 96% of claims	 Contracts	Full of home warranty gotchas and loopholes Frequently denied claims
Schedule in 30 seconds or less with our Homeowner app Call in for immediate help from a friendly, caring U.S.-based team	 Ease of Use	Long process of filling out forms and service requests Call center overseas with long wait times
An Elevate Exclusive. Feel confident investing in a Homescription, knowing that unknown pre-existing conditions are covered	 Inspection Protection	None
Best coverage in the world No hidden costs on HVAC and water heater replacements Covers unknown pre-existing conditions	 Coverage	Hidden limits and exclusions High out-of-pocket costs on HVAC and water heater replacements Temporary “band-aid” repairs, not real fixes

Reconnection Coverage

(The Unexpected Cost Home Warranty Companies Hide)

Most home warranty companies cover HVAC and water heater replacements — on paper. When the job actually happens, they label the reconnections (refrigerant lines, electrical, gas lines, drain lines, ductwork) as “modifications” and exclude it from coverage. That’s where homeowners get hit with unexpected bills, and those costs aren’t small. In fact, the average out-of-pocket cost for these four reconnections alone is around \$1,700. We think that’s lame and just wrong.

At Elevate, we don’t play that game. Every plan includes full reconnection coverage, including refrigerant lines, electrical, gas lines, drain lines, and ductwork, so when a covered system gets replaced, the whole job is covered. No surprises. No loopholes.

LONESTAR PLAN DETAILS

The Best Coverage in the Industry. Period.

The Lonestar Plan is the best of the best. It's built for homeowners who want real protection without the usual headaches. No surprise out-of-pocket costs. No fine print gotchas. Just comprehensive, top-tier coverage that actually shows up when you need it most. This is more than a home warranty. It's the highest level of coverage in the industry, designed to save you money, eliminate stress, and keep your home running without interruption.

A Most Comprehensive A/C & Furnace Coverage—Guaranteed.

- No dollar limit on repairs or replacements.
- No dollar limit on refrigerant.

A HVAC Incompatibility (A2L Upgrade)

The federal government is phasing out older refrigerants like R-22 and R-410A. That means new systems often don't work with old components—and most companies leave you stuck with the bill. Not Elevate. We pay to upgrade incompatible equipment and cover the new A2L refrigerant—**parts AND labor, no dollar limits.**

Additional Lonestar Coverages

- Outdoor Sprinkler System
- Homeowners Insurance Deductible Reimbursement
- Emergency Lodging & Portable A/C Unit Reimbursement
- Exterior Mainline Plumbing

TRUSTED BY REALTORS. LOVED BY HOMEOWNERS.

4.6 ★★★★★ 1,964 Google Reviews

We've had the service for several months on my personal home and have had their vendors out twice. Seamless experience from the app to the actual service teams on-site. I'm a Realtor® and also love that they provide listing coverage for my homes which is an awesome peace of mind to offer a seller. Love these guys and guess what, they actually WANT you to use the warranty unlike so many others who are banking that you never actually will.

-Brian

I have been with Elevate for six years! Elevate is quick to respond and communicates well with Homeowners and service/repair providers/vendors/technicians. I have been very pleased with the speed & quality of service and the speed, frequency, and accuracy of communication. Elevate is Great!

- Grant

I switched to Elevate from a national home warranty company and it was the best decision I could've made. Their scheduling turn around time is quick, customer service is excellent, and I love that they support and use local businesses. Highly recommend!!

-Kelli

We have used numerous home warranty companies in the past and have had many issues with the quality of customer service and contractors. We have been so happy with Elevate Homescrptions! The app is so easy to use to request assistance and receive communications. All contractors have been so easy to work with, professional, and have provided great service. Highly recommend!

-Meg
